LIVING THE "MORE THAN YOU IMAGINED" LIFE!

Alice Lightbourne is a woman of God with an unquenchable passion for seeing women live a more than imagined life - a life on fire for Jesus Christ! This dynamic woman desires to be used as a divine instrument in the Lord's hands to bring about life transformation and cultivate lasting spiritual fruit in women's lives to which she makes a secure connection.

At a pivotal time in her life, and in the very spot where her 45-year-old mother collapsed and later transitioned to the presence of God, Alice surrendered her life to Christ as Lord and Savior. She was led to salvation one evening after a Bible Study service by her teacher. This life-changing experience, along with her spiritual cultivation through faithful discipleship within thriving ministries, has fueled her maturation and commitment to be used as a change agent in every area of influence she is called.

Alice Lightbourne is a vessel armed with what inspires change for her audience. Her quiet, authentic manner draws women to the warmth of her heart and galvanizes the truth she brings to the space of their needs. So, whether you encounter Alice at an in-person speaking engagement or leading a virtual corporate session for women in leadership - you will discover a personally tailored truth along with the practical strategies you've needed to put your faith in action and invoke the long-awaited life transformation that's uniquely yours!

Alice will help the women of your organization realize their Kingdom potential within their personal lives, family relationships, communities, career, and ministry. An over 20-year career of laboring within the asset management industry has prepared her to be the leader, visionary, and influencer in ministry with a proficiency that energizes lasting change.
